About Us

SolutionsAe, Inc. is an 8(a)-certified, HUBZone, woman-owned small business incorporated in Georgia in 1997 and federally registered since 2006. We work across six lines: deployment sanitization and environmental services, disaster response and human services, highway and guardrail maintenance, IT service management and staffing, transportation and logistics, and construction support. Roughly $20.4M in contract performance across 24 awards.

Our most differentiated line is agricultural wash - cleaning, disinfecting, and sanitizing tactical equipment so Army brigades clear USDA and host-nation biosecurity inspection before they can deploy. Seven awards at six installations since 2023. Alongside it we cleared storm debris for the Corps of Engineers after Hurricane Helene and supported Homeland Security through Operation Allies Welcome.

Core Competencies

- Deployment sanitization and ag wash
- Environmental remediation
- Disaster debris removal and relief
- Community and family services
- Highway and guardrail maintenance
