About Us

SolutionsAe places vetted technical and professional talent, supports IT and network environments, and moves freight for commercial clients. We have spent more than twenty years doing this work for federal and state agencies, where the standard for documentation, compliance, and follow-through is set by contract rather than by preference. Commercial clients get the same discipline and a much shorter chain of command.

On the logistics side we run a freight brokerage and dispatch desk under SolutionsAe's operating authority, arranging and covering loads for shippers and carriers. Commercial transportation clients have included Crowley, Amazon Relay, and Old Castle.

What We Do

- IT, engineering and cyber talent
- Accounting, finance and admin staff
- Healthcare and clinical staffing
- Contract, contract-to-hire, direct hire
- Help desk and endpoint support
- Identity and access management
- Freight brokerage and dispatch
- Program and administrative support

Why Businesses Work With Us

- **A federal contractor's execution standard.** Twenty-four awards and $20.4M delivered for the Army, USACE, Homeland Security, the CDC, and GDOT.
- **You talk to the person doing the work.** No account-manager layer, no hand-off between the person who scopes the role and the person who fills it.
- **Supplier diversity that counts.** 8(a), HUBZone, WOSB, EDWOSB, minority-owned, and DBE-certified in five states.
- **Engagements sized to the need.** One specialist or a full team, contract or direct, without adding overhead to justify.

Where We Are Growing

- A dedicated IT staffing and solutions practice with its own business development function
- Technical recruiting capacity added ahead of demand rather than after it
- Active client development across Middle Tennessee and the Nashville market

Getting Started

A fifteen-minute call to scope the role or the gap. A shortlist or a written scope within days. A flexible start, on your timeline. Start with a conversation, not a form.
